DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 3 line 1 delete the phrase "A method for use with for use with" and replace with "A method for use with".

Response to Amendment

The amendment filed on 11/11/04 has been entered. Claims 3, 7, 8, 10, 11, 13, 14, 16, 19, 22-24 have been amended and are presented for further examination. Claims 1, 12, and 25-39 have been cancelled.

Claims 2-11 and 13-24 are presented.

Drawings

The drawings filed on July 20, 2000 are acceptable subject to correction of the informalities. The drawings need to be redrafted to exclude and handwritten markings. In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.

Allowable Subject Matter

Claims 2-11 and 13-24 allowed.

The following is an examiner's statement of reasons for allowance:

Pursuant to 37 C.F.R. 1.104(e) and MPEP 1302.14, the following is an Examiner's statement for allowance: The prior arts do not teach the invention, as claimed, having the steps for a Gateway CGI program receiving a call from a web server, then extracting and packaging the call into a Encoded Request Packet (ERP), wherein Gateway CGI signals a Daemon across an established socket associated with the Daemon, wherein the Daemon establishes an instance of an Access Control Manager (ACM), attaches ACM to a communications socket and indicates port through which all communication between ACM and Gateway CGI shall take place, and the Gateway CGI further transmitting the ERP to the ACM where ACM reconstructs and verifies access privileges for the call.

The Examiner considers the applicant's claims 2-11 and 13-24 to be allowable based on the claim interpretation and prior arts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
